

TSGP Conference Call Summary

April 11, 2012

1:00PM EDT

Opening Comments:

Hello, everyone and thank you for calling into our weekly Transit Security Grant Program (TSGP) conference call for the fiscal year (FY) 2012 application cycle.

As you all know we are continuing these conference calls until the end of the application cycle which is Friday May 4, 2012. We have mentioned the following dates before however we would like you to keep in mind that your SF-424 must be submitted into the grants.gov system by Friday April 27, 2012. And final completed applications with all required documents, including Investment Justifications (IJs) and detailed budgets, will need to be submitted through ND Grants by Friday May 4, 2012 no later than 11:59pm EDT.

If you are able to, we encourage you to complete and submit your applications prior to those dates. As we have learned from past experience the websites may become overwhelmed with the volume of applications being submitted at one time. If you find that you are having log in issues or submission problems please contact your FEMA program analyst for assistance.

We do have one new announcement. We now have the agency level risk group scores available. If you would like to receive that information, you may send an email to TSAGrants@tsa.dhs.gov and we will send it back out to you in accordance with proper Sensitive Security Information (SSI) handling.

Finally, for those of you interested in attending the UASI Conference in Columbus, Ohio in May the early registration cut-off date is this weekend, April 15, 2012. After that date registration costs go up. There will be both port and transit tracks, just as there were last year. We are in the process now of putting finishing touches to those presentations. If you would be interested in presenting at the UASI conference, send an email with your suggestions to the TSAGrants (TSAGrants@tsa.dhs.gov) and will be happy to submit it to the planning committee for consideration.
